

# Summer Term 1

## Spring 2

My goodness, what a jam-packed, fun-filled half term we have had! The Y4s were absolutely fantastic in their production of *Alice: The Musical*. We are so proud of you all. We also had a fantastic time through Science week and on Science Enquiry Day on the last day of term: we completed 6 science experiments in 1 day! Amazing! We also produced some wonderful work about our topic *Ancient Greece*. the pots were a particular highlight!

## What's happening this half term?

Our topic for this half term is *Under the Sea*.

We will be focussing on using art techniques to create beautiful seascapes and extending ourselves with learning new techniques and using new materials. We will also be learning about life under the sea. In Science we will be looking at plants and how they function and work.

## Key dates and information:

Friday 18th March is Year 3s in Y3/4H will start going swimming along with some children from the other Year 3 Classes. Please ensure that your child brings in a suitable swimming costume and towel ready. Long hair must be tied back so please bring a bobble!

**Y4 Residential:** Please look out for further information coming about the Year 4 residential which will be happening in Summer 2, during the week 3rd-7th July.
