E-SAFETY

How long do you spend every day online? It's hard to get it right sometimes, but here's something to help...

Have you heard of the *Digital 5-a-Day*?

It is the idea that it's not so much about how long you are online for, but what type of activity you do. Just like eating 5 fruit and vegetables every day, you can have a balance of 5 different activities:

Connect "I'll ring my aunt on FaceTime"

Be active "I will ride my bike for an hour after school"

Get creative "I'll watch a YouTube video to help me learn how to draw cats"

Give to others "I'll write 10 kind Whatsapp messages to my friends"

Be mindful "Every time I'm loading a new game, I will walk to the window and look at the clouds. Then I'll count 20 deep breaths, before going back to my computer."

SCHOOL COUNCIL TRIP TO THE MUSEUM

On Wednesday 13th February, the Year 3 - 6 School Councillors were met by Councillors Dave and Pat Smith from Dinnington St John's Town Council. The children had lots of questions for them about the life of a councillor! On the way to the museum, we stopped at an anti-racism campaign stall to observe some democracy in action. The campaigner explained how it works to the children and took questions from them.

At Weston Park Museum, we went into the Martin Jenkinson photographic exhibition. The exhibition includes photos of miners' strikes and galas which Dave and Pat were able to share first-hand information and stories about. The children then explored the rest of the museum, particularly enjoying the animal exhibits.

Many thanks to Dave and Pat for accompanying us.
